

This year we graduated one (Reagan from Nigeria!) and promoted 2 students to 3rd year (Jan Skala/ a Czech, and Jozef Koska/a Slovak). The others included in the photo are past graduates who took the 2 new classes added to our curriculum this past year (Poetical Books and Evangelism). 2 of the past graduates are from Czech, 1 from the Ukraine, and 1 is a Czech/ Canadian! You can see that our little Bible School has the possibility to reach several nations! We are absolutely thrilled! For your information, the past grads are also assisting us with the Bible School work: translating, cooking the lunch meal, teaching Life of Christ, and doing office work!

Our Bible School graduates and students are the very core of our work here in Prague. When my husband must make trips out of the country for Area Coordinator work (i.e., to Serbia, Hungary ...) and cannot be here for our mid-week Bible Study, these students receive practical experience in these various areas. We are so proud of them all and are earnestly praying for God's hand to be upon them as they truly are the first-fruits of our work here in this nation. These are not only the leaders of our church in Prague, but in fact, they are leaders of this nation as our Prague church is the only light in this country at this point.
