There are more than 50 ninety minute lessons ready for training Bible School teachers and administration. Additional lessons are currently being written. You can see a list of lessons on the GATS website under the 'Faculty Development' tab.

GATS REQUEST FORMS

GATS provides 'request forms' on the www.gatsonline.org website under the 'Resource' tab.

There are request forms for graduation Certificates, Diplomas and Degrees.

There is also a request form for a GATS Membership Certificate and for Advance Educator Certificates for teachers who have completed 18 lessons of faculty development.

Transcript forms are also available.

All forms are available in English, Spanish and French.

GATS Graduation Certificates, Diplomas and Degrees are extended to your graduates upon request.

Requesting GATS Documents

The process for requesting Certificates, Diplomas and Degrees from the Global University of Theological Studies is as follows:

1. Download the appropriate request form from the GATS website under the 'Resources' tab.
2. Send the request form along with student transcripts to your Regional GATS Representative.
3. Be sure that everything is filled out correctly on the request form and that the name of the Bible School, the student names and graduation date are exactly as you want them to appear on the printed document.
4. The request form must be sent six weeks prior to needing the documents in your country. We realize that some of your grades will not be complete on the transcripts, but the grades for the final courses can be sent at a later date.
