

Life of Christ I – BB. 110

Classroom Hours: 24 (minimum)

Description/Overview: A study of the Life of Christ devoted to the sequential progression and spiritual significances of events in Christ's life and ministry, as seen in the Gospels.

- 📖 It emphasizes the importance of certain Bible doctrines, foundational to all of Scripture:
 - ✓ The Virgin Birth
 - ✓ The Fulfillment of Old Testament Prophecy
 - ✓ The Deity of Jesus

- 📖 It is designed to enable students to preach and teach about Jesus Christ with greater understanding and effectiveness, while challenging them to follow Him personally, with a greater dedication and stronger devotion.

Objectives:

At the end of this course of study, students will be able to:

1. Give an overview of the significance of the virgin birth of Jesus with an outline of his childhood, including the two genealogies found in the Gospels.
2. Compare Old Testament prophecies with New Testament fulfillment about the birth and ministry of Jesus.
3. Briefly summarize (according to Scripture) the significance of John the Baptist's life and ministry in relation to the Life of Christ.
4. Using Scripture, develop a rough outline of events in the Life of Christ from His birth to the time His ministry began.
5. Follow according to Scripture, the chain of events during His selection of the twelve apostles.
6. Following Scripture (with the help of a map of New Testament times), determine a rough outline of the major events (miracles, famous sermons/parables, etc.) in the three years of Jesus' ministry. Pay attention to the change of attitude as His ministry progressed.
7. Using Scripture show how Jesus' ministry reveals His deity.
8. Using Scripture reference as the source, describe how it would have felt to be one of the followers who experienced the Transfiguration of Jesus.
9. Know and list (with Scripture reference) at least one of each of the six types of miracles Jesus performed.
