

## LESSON 10

### Magnify the Lesson Aim

#### AIM-BUILDING PROCESS:

1. Refer to the list of topics from the project assigned in lesson 5.
2. Which age group are you planning to teach?
3. Which topic did you choose for them? (Scripture reference here, please.)
4. What are some of their basic needs?
5. What are some of their individual/specific needs?
6. What has the Lord through His Word and prayer led you to deal with in this lesson?
7. What is the goal of the church in general toward these students of God's Word?
8. Is your purpose to give knowledge, to encourage an attitude adjustment, or to see a change in behavior?
9. What specific thing do you desire to see in the students' lives?
10. In as few words as possible, what do you want your students to learn?

In a very short sentence, using simple words, write the AIM for your lesson.
